The following tables present full information on NASP common teaching activities as well as Ph.D. specific activities for A. Y. 2017-2018.

Please remember that the schedule and location of Ph.D. classes may change. Moreover, NASP offers to its students several other training activities like one-time seminars and workshops. For these reasons, we recommend to regularly check NASP complete calendar where you can find most up to date information and full timetables for all NASP activities.

You may consult NASP complete calendar at:

<http://www.nasp.eu/complete-calendar.html>

NASP is greatly interested in improving the quality of teaching. To this purpose, at the end of each course, students are requested to fill in an online questionnaire in order to evaluate it. More information can be found at:
