

## NASP-CCA DAYS 2022

### Frontiers of Methods in Social and Political Science

**20-22 June 2022**  
**Collegio Carlo Alberto**

**Piazza Arbarello, 8**  
**Turin**

This three-day in-person workshop will expose NASP students to a range of frontier methodological approaches, including experimental and quasi-experimental approaches, qualitative and mixed-methods, and survey data research.

Drawing on their own research, invited scholars will focus on how to go from research questions and hypotheses to selecting, and discarding, methodologies. These methodological choices will be explained in reference to a wide range of topics central to social and political sciences, such as social norms, conflict, intergroup relations, family issues, and education.

NASP students are invited to present their own doctoral work and receive comments from attending scholars and students. Student presentations will last approximately 20 minutes, will be followed by a 10-minute interaction with an assigned discussant, and, 15 minutes open questions. Discussants will be selected from the attending doctoral students.

The NASP-CCA workshop is jointly organised by the **Collegio Carlo Alberto** and the **PhD programs in Economic Sociology and Labour Studies (ESLS)** and **Political Studies (POLS)** at the University of Milan.

# P R O G R A M M E

## MONDAY, JUNE 20
