Knowledge of programming with R-statistics language

2012 May-August

Internship at Monnalisa NPO   Arezzo, Italy
Research on the welfare mix project in Arezzo.

I personally followed through every step of an NPO project, handed out questionnaires to the supporters and collected data to work on the current trend of the welfare mix model and to suggest a possible improvement to the model.

2009

High school final essay   Arezzo, Italy
Research of happiness.

A study on immigration and integration of foreigners in Italy and the analysis of the same subjects with Italian abroad.

Personal skills:

Social skills: I can adapt in several social and cultural context; I can easily fit in a team and I am always glad to help. I am open to suggestion and I am willing to learn from every experience.

Personality traits: respectful but eager to learn, I take interest in new things since I was a child.

artistic skills: I have studied music, played the piano for 6 years and played the drum at NAMAS drums school; I also attended the "libera accademia del teatro di arezzo" for 8 years, studying acting

Hobbies and sport: I love outdoor and creative activities and I am an amateur roller skater.

Arezzo li: 27/07/2014
