

Collegio Carlo Alberto

The **ecpr** - Carlo Alberto Summer School on Analytical Politics in Europe

15-24 September 2009

Organized with the support of:

- [Standing Group on Analytical Politics and Public Choice](#)
- [Graduate School in Social, Economic & Political Sciences](#)
- [Research Unit on European Governance](#)

Venue: [Collegio Carlo Alberto](#), Moncalieri, Turin

Academic Programme

The lectures and seminars of the summer school have two formats.

The first format consists of an instructor presenting a theory and its empirical applications, the afternoon of these sessions are dedicated to students' presentations.

The themes covered are:

- Elections and Redistribution
John D. Huber, Columbia University
- The Political Economy of Democracy and Tyranny
Norman Schofield, Washington University, St. Louis
- Modelling Politics in the European Union
Simon Hug, University of Genève
- The Politics of Delegation and Control
Fabio Franchino, University of Milan

The second format consists of an instructor presenting a technique and its empirical applications, followed by hands-on computer sessions.

The themes covered are:

- Partisan Competition and Computational Modeling
Christian W. Martin, University of Hamburg
- Ideal Point Modelling
Bjørn Høyland, University of Oslo
- The Collective Action of Data Collection: Innovations in Gathering Political Data
Holger Döring, European University Institute
